## HVAD ARBEJDER VI MED

- Larger signs have been ordered at our sign partner in Ribe - so we will be more visible - they have now been installed - have actually turned out quite well.

- Svane Entrepriise has also joined LinkedIn - here we will post about new hires and other news from the company. The profile has been created – so please join in and follow Svane 😊. In one week we have gained more than 57 followers😊.

- Those who have registered for Christmas lunch will be seen on 12-11-2022 at Agerskov kro 😊.
- On 28-10-2022, we held a clean-up day in the office - which has been moved around a bit - everyone has found their place again.
- In Esbjerg, the area will be cleaned up over the next period - as soon as there is time for this - the project has started with Arne in charge and it will be very good 😊. Remember that when you come home with material - signs – other stuff please put it back where it belongs - if you are in doubt, contact the guys at the workshop.
- The canteen is now in use, it's just been super good 😊 – Thanks to Niels and Louise for a great effort.
- A questionnaire has been sent to everyone in "Field" regarding APV - points that have been mentioned have been registered in Works - an email will be sent out as soon as possible, so that everyone can follow APV and Kemibase digitally.

As was written on Friday 30-10-2022 - we chose Svane Entreprise ApS and the Staff Association to stand together to support a good project, namely "Knæk Cancer".

I have been in dialogue with Knæk Cancer from time to time - as the text on the screen on tv, which was shown on Saturday evening 05-11-2022 - was not as described and desired - the above presentation was posted on LinkedIn on Tuesday 01-11-2022.

Likewise, everyone in the office has had a banner inserted at the bottom of their e-mail signature and I also showed on Svane WEB site.

Svane News will be published in a Danish and English version.

Thanks everyone - for your daily efforts for Svane Entreprise 😊.
